Since when can members not use the clubhouse? To reiterate Bonnie's question was it booked?

Whipping a dead horse... with the Collazo case if it is referring to the Sewer. Ask Matt our legal expenses are almost exhausted for budget. I advise wait for it to be budgeted next year.

Subject: Club House Saturday

I was informed the names of the member's in the club house.
Action to be taken is up to the Board.
Of course we all know them by name.
I think we should make note of this group, and wait for Apple to take over.
I think many of our concerns will be corrected with legal action. Fines, cost's court hearings.
I recommend to take the wait and see for now.

I have been there, before, when they are hit in the pocket, it will stop.
We will also move to over turn Collazo's court case...This information must stay within the Board.
Thanks Ron
